SOFT SKILLS

Problem Solving | Teamwork |

Adaptability

CERTIFICATIONS

- Java Basics

Akhil Suryan

Java Backend Developer

PROFESSIONAL SUMMARY

Dedicated Java developer proficient in Java, Spring Boot, Hibernate, and MySQL, with a deep understanding of backend development principles. Collaborates effectively with cross-functional teams to translate project requirements into efficient and reliable server-side solutions. Strong problem-solving skills and ability to optimize code for performance and scalability. Excellent teamwork and communication skills. Eager to contribute as a Java Backend Developer in a dynamic and challenging environment.

PROJECTS

1. Electricity Management System | |

Java | MySQL | Hibernate

- Developed a Java console-based electricity bill management system
- Implemented user-friendly features such as user login, bill payment, and viewing transaction history
- Utilized Java, MySQL, and Hibernate for efficient data management

2. Online Cab Booking | |

Java | Spring Boot | Spring Data JPA | Spring Security |

MySQL | Lombok

- Built an online cab booking application using Spring Boot
- Implemented user registration, real-time booking, and profile management functionalities
- Utilized Java, Spring Boot, Spring Data JPA, and MySQL for seamless data persistence

3. Automated Batch Management System | |

Java | File Handling

- Created a standalone command-line application for efficient batch management
- Implemented features such as batch creation, faculty assignment, and batch viewing
- Utilized Java and file handling for quick and easy batch administration
